VULEX Solutions Limited
Company Profile

Updated: 10/01/2018

Who We Are

We are a software development company from Dar Es Salaam, Tanzania. Established in 2015, **VULEX Solutions Limited** exists to provide businesses with software solutions that help them meet their needs and overcome their challenges. Our area of expertise is in translating business requirements into web and mobile solutions that extend a business' working process.

We provide solutions for businesses in industries such as Fast Moving Consumer Goods, Wholesale and Retail Trading, Airline, Health, Tours and Travel, Music and Entertainment, Finance, Agriculture and others.

Our Vision

To become the most reliable provider of business software solutions for East African businesses.

Our Mission

To provide simple yet effective business software solutions that help businesses achieve their goals.

Our Values

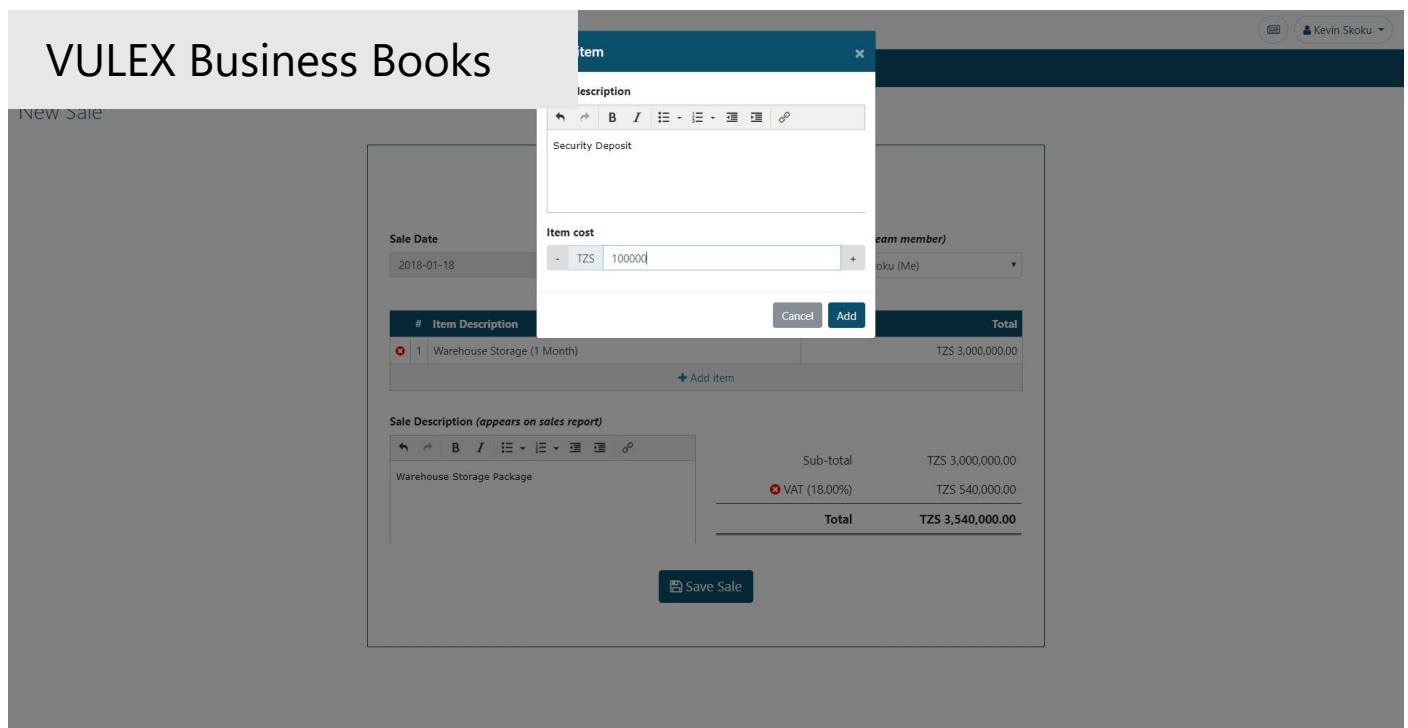

To deliver on our promise, our core values guide our every action and decision.

- **Growth** - To realize opportunities that improve our positive influence.
- **Passion** - To connect wholeheartedly to the goals we aim for.
- **Fun** - To ensure fulfillment in all that we do.
- **Integrity** - To say what we promise, and to promise what we say.
- **Respect** - To appreciate and value those we meet and work with.

What We Do

We develop software solutions for desktop and mobile. Our systems are cloud hosted solutions, allowing businesses to have access to these solutions from wherever they are.

Following is a breakdown of the solutions we provide our customers.

OVERVIEW

VULEX Business Books is for the business owner that needs to maintain a well organised account of his/her business transactions. Track the performance of your business from your sales and expense transactions. You will have access to reports that give you a complete picture of how your business is doing financially.

Whether you are a business owner or certified accountant, VULEX Business Books will help you more easily calculate daily, weekly, monthly and even annual transaction summaries saving you a lot of time.

FEATURES

- Manage and track your sales and expenses
- Manage the customers you do business with
- Manage your suppliers (can also include utilities)
- Keep track of your taxes without having to calculate them yourself
- Cloud hosting ensures access from anywhere you are
- On-going system improvements and feature updates

BENEFITS

- Monitor how your business is performing over time
- Save time by not doing the finance calculations yourself
- Have an organized record of all your business transactions
- Don't get stressed about tracking your taxes. VULEX Business Books does the c
you
- It's easier to now keep track of your business' cash flow.

The screenshot displays the 'CRM Solutions' web application interface. The top navigation bar includes the title 'CRM Solutions' and a user profile 'D. Administrator' with a 'Logout' button. A dark sidebar on the left contains a menu with items: Briefs, Users, Aircraft, Locations / Airports, Trips, Trips Types, Customers, and Settings. The main content area is titled 'Requests / Request Details' and is divided into several sections:

- CUSTOMER INFORMATION:** A table with columns: Request #, Customer, Mobile, Request Date, Created by. Row 1: 5, [blank], 6456546, 2016-02-16, D. Administrator.
- TRIP INFORMATION:** A table with columns: #, Departure, Destination, Travel Date, Travel Time, PAX No., Trip Type. Row 1: 1, Arusha, Mwanza, 2016-02-17, 10:00, 5, Pick Pax.
- AIRCRAFT INFORMATION:** A table with columns: Aircraft Registration, Aircraft Type. Row 1: SH-TZC, F-406.
- SPECIAL REQUEST INFORMATION:** A table with columns: Special Request, Charge. Row 1: Personal Escort, 100.00.
- Cost Summary:** A summary table with columns: Item, Amount. Rows: Trip (500.00), PAX (1,000.00), Special Request (100.00), Total (1,600.00). A 'View Brief' button is located below the table.

OVERVIEW

Businesses are consistently trying to scale their operations while also improving their efficiency. It has become increasingly important to have better and more effective ways of managing their finances, projects, leads, customers, their day-to-day operations, travel logistics, communication and so much more.

Our CRM solutions will help you better scale your operation in a way that will allow you to focus more on growing your business and less time managing the day-to-day. From automated invoices sent out to customers at the right time, to job tracking functions that help you stay on top of how well your customers are being served.

Tell us about your business challenges and we help make your work in delivering high quality service to you customers... so much easier.

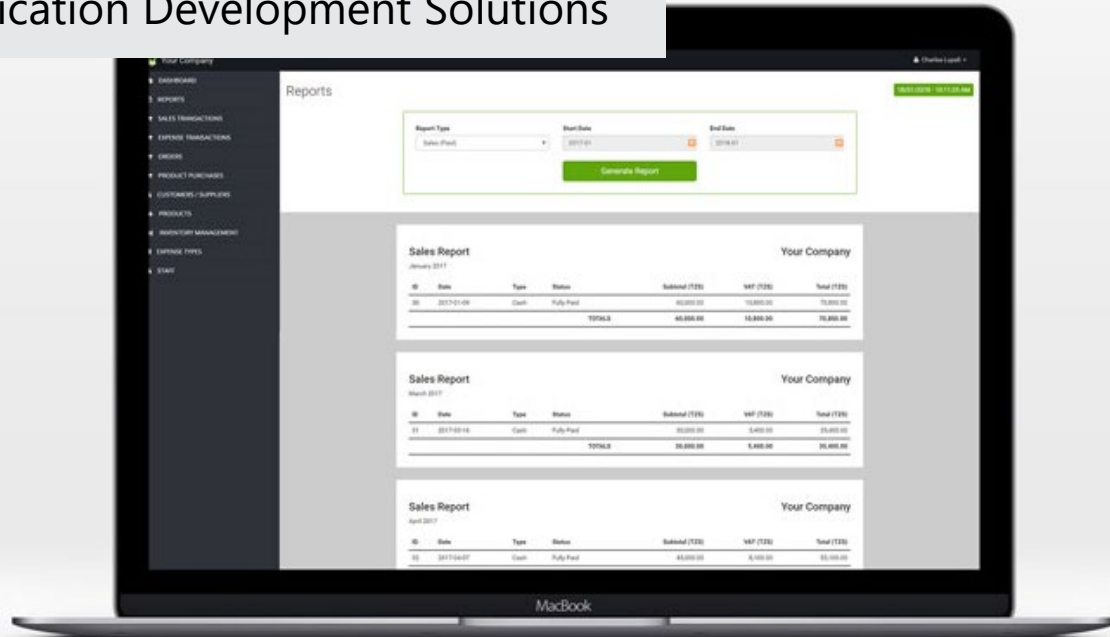

FEATURES

- Manage and track your business finances
- Manage the customers you do business with
- Manage your suppliers (can also include utilities)
- Manage customer projects, jobs and requests
- Track your team's activities and performance
- Manage and track prospect communication and sales leads
- Cloud hosting ensures access from anywhere you are
- And much more (depending on your business needs)

BENEFITS

- Scale your business operations while improving overall effectiveness
- Monitor how your business is performing over time
- Reduce and eliminate repetitive tasks by automating your operations
- Reduce and eliminate errors in saving data manually
- Stay on top of your business finances, day-to-day operations and customer servicing all in one system
- Save time in getting reports prepared. The system can generate the reports you need when you need them.
- More easily identify areas in your business that need to improve
